If you've made a content template or page table before, the idea of an instructional content strategy document will sound familiar. Content templates act. A Training and Assessment Strategy (TAS) is the approach of, and method. This template is a Word document (.docx) which has been set up as a form that can. This document supports the Food Safety Protocol, 2013 (or as current) Appendix A: Risk Categorization of Food Premises Template. based approach for all food premises in the health unit and shall include, but is not limited to, the training of food handlers, and the extent to which they incorporate food safety plans.

Moreover, each likely-responsive training document is one fewer document to be reviewed. This is the motivation of the continuous approach: training.
